Presenter:

Mr Lee Wan Lik

Mr Lee Wan Lik is the founder of Azeus Systems Holdings, a CMMI Level 5 global IT solutions provider listed on the Singapore Stock Exchange mainboard. Currently, Mr Lee focuses on Azeus Convene, a smart meeting solution, which has grown expansively in the last 5 years to have clients in over 100 countries.

Prior to founding Azeus, Mr Lee researched and developed an object-oriented database at the Microelectronics and Computer Technology Corporation. He also worked at a Silicon Valley start-up and then had brief stint at Oracle.

Mr Lee holds a Bachelor of Science in Computer Science and Engineering as well as a Bachelor of Science in Mathematics from the Massachusetts Institute of Technology (MIT). For his thesis in MIT, he studied about and worked on neural networks, which is the basis for deep learning in AI. Born and raised in Malaysia, he is grateful for the financial aid he received from MIT, and was recognised with the Harold E. Lobdell '17 Distinguished Service for his contributions to the MIT alumni community. Currently, Mr Lee splits his time between Hong Kong and London. He is a Fellow of the British Computer Society and the Institution of Engineering and Technology.
