

The Hong Kong Chartered Governance Institute Enhanced Continuing Professional Development (ECPD) Training

Cybersecurity: Plugging the Hole

23 February 2024

Speaker:

Mr Jason Lee

Mr Jason Lee is a Senior Manager in PwC's Cyber Security & Privacy practice. He is a Cyber and Cloud Security professional with over 10 years' experience in delivering high-priority global projects (independently and leading teams). He enables clients to maneuver through complex landscapes smoothly and gain strategic "first-mover" advantages, and has worked with senior executives and stakeholders across all levels and departments to adopt new technologies securely while meeting business needs.
