

The Hong Kong Chartered Governance Institute

Precautionary Measures at Examination Centres

The Hong Kong Examinations and Assessment Authority is implementing a series of contingency and precautionary measures, based on the recommendations of the Centre for Health Protection (CHP), during the examinations to ensure the health and well-being of candidates, examination personnel and all involved in the administration of the examinations. Candidates should pay attention to the following important points when taking the examinations:

Before leaving for the centre

1. Candidates must check their body temperature, complete and sign the 'Candidate's Declaration on Health' (Please refer to page 4) on **EACH examination day**. Candidates making a false, incomplete or misleading declaration may receive a penalty or even be disqualified from the examination.
2. According to the advice from the Department of Health, candidates with any symptoms should **not** go to the examination centre but consult a doctor promptly:

Examples of symptoms of COVID-19 include but not limiting to the following:

- (1) Fever (tympanic temperature at or higher than 38°C); or
 - (2) Presence of acute respiratory tract infection symptoms such as cough or shortness of breath; or
 - (3) Sudden loss of sense of taste or smell.
3. Candidates are required to declare that on the examination day they are **not**
 - (1) undergoing mandatory quarantine or
 - (2) required to undergo compulsory testing through different channels, e.g. Government gazettes compulsory testing notice, LeaveHomeSafe mobile app or
 - (3) awaiting test results of COVID-19 compulsory testing on the day of examination;

otherwise they should not go to the examination centre. They should inform the The Hong Kong Chartered Governance Institute (tel: 2830 6010 or email: exam@hkcg.org.hk) as soon as possible and before the day of the examination. Only candidates with a negative result will be allowed to sit the examination.

4. Candidates are reminded to take their body temperature each day, and bring their completed 'Candidate's Declaration on Health' and surgical mask(s) to the examination centre. (Candidates are not allowed to wear masks or respirators with valves in the examination centres as respiratory droplets can be dispersed through the valve thus exposing other people to the risk of possible infections.). Without the declaration form candidates would **not** be allowed to take any examinations. Some masks will be supplied at the examination centres.

Before the examination

5. Before entering the examination centre/waiting room for examination, candidates must put on their **own surgical mask properly (with the nose, mouth and chin fully covered)** and rub their hands by using alcohol sanitiser-gel of their own or placed in front of the entrance. Invigilators/Reporting Room Supervisors will check on the spot whether candidates have completed and signed the 'Candidate's Declaration on Health', and they will take the body temperature of candidates. Some larger examination centres will set up body temperature screening at the entrance, while other centres candidates will be measured by handheld thermometers. For those candidates whose body temperature is at or higher than the alert level, they may rest a while before having their body temperature re-taken. Candidates who

have fever will be required to leave the examination centre and consult a doctor promptly. **The above procedure will be strictly enforced by the invigilation personnel.** Candidates should strictly follow the instructions of the invigilation personnel. In addition, candidates should raise their awareness of the prevention of COVID-19 in the examination centres and should avoid talking with others.

6. Candidates will only be admitted to the examination centre after completion of the aforementioned steps and admission to the examination centre may be delayed. The time lost in the examination will not be compensated. In this regard, it is important to note that candidates must strictly report to the examination centre in accordance with the reporting time as specified in their admission forms to avoid delay in admission to the examination centre.

During the examination

7. If a candidate is unwell, he/she can summon an invigilator, and will be accompanied to the toilet or other location of the examination centre, such as the medical room (if any) in order to rest. If necessary, the examination centre can call an ambulance to send the candidate for medical treatment. The invigilator may request to take the body temperature of the candidate again. If the candidate is found to have a fever, the invigilators will ask the candidate to go home and consult a doctor as soon as possible.
8. During the examination, candidates are required to put on a surgical mask properly and should not remove it. Those who refuse to put on their surgical masks without an acceptable reason will be regarded as having breached the examination regulations. Invigilators may wear latex gloves during the distribution of question papers, attendance taking and collection of answer scripts. Invigilators may ask candidates to remove their surgical masks temporarily during registration/the taking of attendance in order to verify their identities while maintaining an appropriate social distance.
9. Candidates with serious sneezing/persistent coughing/vomited due to sickness may be arranged to sit at the reserved seats of the examination room or another examination room in order to minimise disturbance to other candidates. The time lost in the examination will not be compensated.
10. The seating distance between candidates should be standardised at around 1.5 metres (approximately 1.1 metres between desk edges).

After the examination

11. At the end of the examination, candidates should follow the instructions of the invigilation personnel in leaving the examination centre in batches, so as not to crowd the exits.

During the break (if applicable)

12. Candidates should put on their surgical masks properly and avoid mask-off activities during breaks as far as feasible. If they need to eat or drink, they should keep at a distance of at least 1.5 metres and should face one direction. Candidates are reminded to wash their hands with liquid handwash regularly and should not talk with others during the break (if applicable); as well as performing hand hygiene before and after eating; and not to share food or drink, or utensils with others. They should go to the open areas (and should avoid going to the crowded areas) designated by the examination centre as far as possible.
13. Candidates should space out while queuing up outside toilets to prevent overcrowding.
14. Candidates have the duty of keeping the examination centre premises clean, particularly when using the toilets.

Other points to note

15. Always practise hand hygiene after going to toilet, coughing and sneezing by washing hands with soap and water, or disinfect hands with alcoholic hand rub.
16. According to the advice of the CHP, if any candidate or invigilation personnel who has been in the examination centre and is subsequently confirmed as having COVID-19, the CHP will conduct epidemiological investigations and conduct tracing to identify any close or other contacts.
17. Persons who have travelled outside Hong Kong are subject to quarantine requirements according to law. For information regarding quarantine for inbound travellers, please visit the following website: www.coronavirus.gov.hk/eng/inbound-travel.html. Household members of confinees under quarantine are advised to take heed of measures including avoiding going to crowded places, wearing a surgical mask when taking public transport or staying in crowded places, maintaining good personal hygiene, etc. Details can be found at the following website: www.coronavirus.gov.hk/pdf/Points_to_note_for_household_members.pdf.
18. Please refer to the following websites for detailed information on prevention of COVID-19:
<https://www.coronavirus.gov.hk/eng/index.html>
<https://www.chp.gov.hk/en/features/14843.html>
19. Any changes to the precautionary measures will be announced on the HKEAA website (<http://www.hkeaa.edu.hk/en/ipe/>) as soon as possible. In case of enquiries, please contact the International and Professional Examinations Division at 3628 8787.
